

Trustee Vacancy Background

Calvert Kielder has a Trustee Board vacancy for someone who has experience and skills in sales and marketing relevant to the leisure, tourism, educational and disability sectors.

You will be joining a group of eight Trustees and be part of an integrated team working with the executive to deliver a sustainable future.

The Board meets two to three times a year either at Calvert Kielder or an alternative venue near Hexham. The Managing Trustee Committee meets up to four times a year and more often if required to consider one-off issues. The role will require some time outside of board meetings to give advice and guidance on how best to develop our sales and marketing capability.

Help us transform lives and build a sustainable future

We have set ourselves a challenge to increase the number of our beneficiaries from 6,000 pa to over 7,000 pa by 2023. This will result in a financial breakeven thus establishing a sustainable foundation for the long term.

About Us

Since Calvert Kielder was founded in 1981 we have transformed the lives of 150,000 disabled people their families and friends. We help them to improve their Health and Wellbeing by building resilience, inner strength, self-confidence and independence.

Through these outcomes, we help reduce social exclusion, strengthen family ties, help participation in community life and empower people to live life to the full.

To do this we have built an accessible 152 bedded complex in the Kielder Water & Forest Park. We employ 45 staff and provide a wide range of land and water-based activities. We are unique in offering a personal care service for guests travelling alone.

Each year some 20,000 days of activity are provided to over 6,000 beneficiaries. Over 700 partner organisations use our services as part of their own work with their clients.

Beneficiaries come mainly from the North East, Midlands and Scotland. They comprise disabled people with all degrees of severity, their families and friends. We also welcome people who are sympathetic to our values and work. Integration and inclusion are the hallmarks of our service.
